FLOW

KROHNE

Electromagnetic for liquid flow.
Mass Coriolis for liquid, gas or slurry flow.
Ultrasonic for custody transfer: gas, liquid or slurry. Vortex and variable area.

FLUID COMPONENTS INT'L (FCI)

Thermal mass flowmeters.
Insertion and in-line flowmeters.
Multi-point thermal mass flowmeters.
Liquid and gas flow/level/temperature switches.
Vorab & VIP flow conditioners.

BADGER METER/DATA INDUSTRIAL

Impeller, ultrasonic transit time & doppler flow.

PRESSURE & TEMPERATURE SWITCHES

ITT NEO-DYN

Industrial, sanitary, hazardous area.
Threaded and OEM styles.

CUSTOMER SERVICES

Onsite and factory calibration, field service,
site survey, onsite training and lunch & learn.

POSITION AND ROTATION

CELESCO TRANSDUCER PRODUCTS

Cable extension linear position transducers,
including rotary and encoder based position
transducers. Linear pots and OEM transducers.

PRESSURE/TEMPERATURE/LEVEL

KROHNE

Radar, TDR guided radar, ultrasonic magnetic level,
thermocouple, RTD, thermowell.

CECOMP

Digital pressure gauges, I.S. design packages,
sanitary, alarms and communication output, battery
powered or hard line powered on-board memory
storage and loop powered.

LUMASENSE

Portable and fixed infrared thermometer systems.
Mikron Impac pyrometers. Thermal imaging solutions.

L & J TECHNOLOGIES

L & J Engineering - level gauging solutions.
Radar gauging products and servo gauging.
Shand & Jurs - tank fittings and valves.

T.E./MEASUREMENT SPECIALTIES

KPSI submersible level and pressure transducers.

WIKA - GAYESCO PROCESS SOLUTIONS

Industrial RTD and thermocouples, transmitters.
Thermowell and tubeskin assemblies.
Magnetic level indicators and flame rods.

VIBRATION

METRIX INSTRUMENT COMPANY

Vibration transmitters, switches, accelerometers,
velocity pickups, proximity probes and shakers.
Transmitters and controllers.

PROCESS OBSERVATION

LJ STAR, INC.

MetaGlas sight windows and clamps.
Process lighting, sanitary fittings.
Visual flow indicators and sight glass.

PROCESS CONTROLS & AUTOMATION

T.E./MEASUREMENT SPECIALTIES

Accelerometers AC or DC, LVDT, force,
torque, miniature pressure transducers, level.

INTERFACE, CONDITIONING, ANALYSIS

MTL INSTRUMENTS

Intrinsically safe isolators, zener diode barriers,
surge protection, Hart and FF multiplexers, HMI s,
industrial network solutions. Hi-tech gas analyzers.

ABSOLUTE PROCESS INSTRUMENTS, INC.

Signal conditioning modules to convert, rescale,
isolate, split, transmit and alarm.

SENSIDYNE

Fixed gas monitors and sample draw systems.
Combustible LEL, oxygen and toxic gases.

KROHNE

Process water and chemical liquid analysis.
Protein, fat, lactose, total solids analysis.
Viscoline in-line viscosity analyzer.
